Energy & Green Audit Report – Divine College of Pharmacy, Satana, Nashik

2 Executive Summary – Green Audit

Sr.No	Area	Observations	Remark
1	Tree Plantation and Awareness about Energy Conservation	College has carried out tree plantation activity. Several types of trees have been planted by students and staffs	Good initiative taken by college toward green campus
2	Use of renewable energy – Solar Water Heating system	Solar Water Heating system of 500 Liters has been installed by college for water heating purpose	Good initiative taken by college towards use of renewable energy
3	Vermicomposting plant.	College has taken initiative to compost the daily solid waste by means of vermicomposting plant. College is using the compost in the campus garden area and distributing it to nearby farmers, as this promotes sustainability and helps to reduce waste.	This is good imitative by college and commitment towards to improve soil quality and support healthy plant growth.

Energy & Green Audit Report – Divine College of Pharmacy, Satana, Nashik

4 About College

At Shri Shakti Shikshan Sanstha Divine College of Pharmacy, we help our youngsters to enthusiastically train themselves to become a part of the "Marching Forces" of India to its goal of prosperity for all. We invite you to our campus for great learning experience, and We assure you that you will have the most enjoyable and memorable period of your life that you will want to live over and over again even long after leaving our portals. Pharmacists provide the medical experts with all dependable drugs and tonics to treat malnutrition and ill health. The emerging global pharmaceutical scenario and health care with the advent of WTO has thrown several challenges to all Indian Scientists & Technologists. We are ready and willing to accept the challenge. It has been a long but interesting journey for us in India from the time when life-saving drugs had to be imported to the current scenario when Indian manufactured original formulations hit the global market. Several of our Students and faculty members have been inspired by us by our environment and have gone on for higher studies in India and abroad.

4.1 Mission

To shine in professional pharmacy education through student centered learning with honesty & service to society.

4.2 Vision

To devote in nation framework by transforming students through Pharmacy Profession into responsible citizens, the innovators and the entrepreneurs, by rightly in stilling knowledge, skills and attitude.

Energy & Green Audit Report – Divine College of Pharmacy, Satana, Nashik

5 Energy Audit

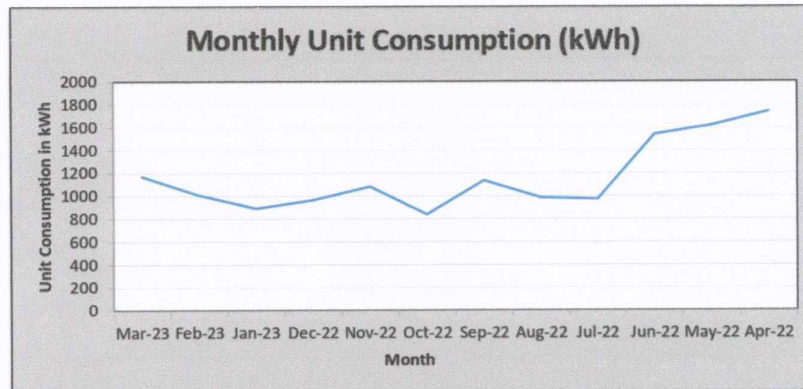

An energy audit is an inspection, survey and analysis of energy flows, for energy conservation in a building, process or system to reduce the amount of energy input into the system without negatively affecting the output(s). In commercial and industrial real estate, an energy audit is the first step in identifying opportunities to reduce energy expense and carbon footprints.

5.1 Electricity Bill Analysis

At present, one electricity meter is there for all campus. Bill analysis for the last 12 months below (Consumer number – 54014005890)

Consumer Name	SHRI SHAKTI SHAIKSHNIK SANSTHA
Consumer Number	54014005890
Contract Demand (KVA)	52 LT-II A
Tariff	88 LT-VII B I

Below graphs shows the monthly energy consumption, Bill amount etc.

Energy & Green Audit Report – Divine College of Pharmacy, Satana, Nashik

6 Green Audit

Green audit was initiated with the beginning of 1970s with the motive of inspecting the work conducted within the organizations whose exercises can cause risk to the health of inhabitants and the environment. It exposes the authenticity of the proclamations made by multinational companies, armies and national governments with the concern of health issues as the consequences of environmental pollution. It is the duty of organizations to carry out the Green Audits of their ongoing processes for various reasons such as; to make sure whether they are performing in accordance with relevant rules and regulations, to improve the procedures and ability of materials, to analyze the potential duties and to determine a way which can lower the cost and add to the revenue. Through Green Audit, one gets a direction as how to improve the condition of environment and there are various factors that have determined the growth of carrying out Green Audit. Some of the incidents like Bhopal Gas Tragedy (Bhopal; 1984), Chernobyl Catastrophe (Ukraine; 1986) and Exxon-Valdez Oil Spill (Alaska; 1989) have cautioned the industries that setting corporate strategies for environmental security elements have no meaning until they are implemented.

Green Audit is assigned to the Criteria 7 of NAAC, National Assessment and Accreditation Council which is a self-governing organization of India that declares the institutions as Grade a, Grade B or Grade C according to the scores assigned at the time of accreditation.

The intention of organizing Green Audit is to upgrade the environment condition in and around the institutes, colleges, companies and other organizations. It is carried out with the aid of performing tasks like waste management, energy saving and others to turn into a better environmentally friendly institute.

6.1 Goals of Green Audit

- The objective of carrying out Green Audit is securing the environment and cut down the threats posed to human health.
- To make sure that rules and regulations are taken care of
- To avoid the interruptions in environment that are more difficult to handle and their correction requires high cost.
- To suggest the best protocols for adding to sustainable development

6.2 Benefits of Green Audit

- It would help to shield the environment
- Recognize the cost saving methods through waste minimizing and managing
- Point out the prevailing and forthcoming complications
- Authenticate conformity with the implemented laws
- Empower the organizations to frame a better environmental performance
- It portrays a good image of a company which helps building better relationships with the group of stakeholders
- Enhance the alertness for environmental guidelines and duties

7 Initiatives by College towards Sustainable Environment

7.1 Tree Plantation

Tree-planting is the process of transplanting tree seedlings, generally for forestry, land reclamation, or landscaping purpose. It differs from the transplantation of larger trees in arboriculture, and from the lower cost but slower and less reliable distribution of tree seeds.

7.3 Vermicomposting Plant

College has taken initiative to compost the daily solid waste by means of vermicomposting plant.

The compost generated through vermicomposting can be used as a natural fertilizer for plants and gardens, which helps to improve soil quality and support healthy plant growth. It's great to hear that your college is using the compost in the campus garden area and distributing it to nearby farmers, as this promotes sustainability and helps to reduce waste.

Following is the details of vermicomposting plant.

8 Liquid Waste Management

Rainwater Harvesting System

Rain water Harvesting System ;

Rainwater from rooftops of All Academic Building is down through rainwater down pipes (PVC) & then conveyed through pipes to Recharge Pits.

Rainwater collected in these Recharge Pits gets permeated in lower strata thereby increasing groundwater table & results in recharging of bore well & open well.

Energy & Green Audit Report – Divine College of Pharmacy, Satana, Nashik

9 No Vehicle Day

Divine College of Pharmacy, Satana, Nashik started seeing a rise in pollution in their vicinity and only then they realized it is high time they take a step towards the problem. On that note, the college recently celebrated no vehicle day in the campus wherein no bikes, cars or any polluting vehicle was allowed. All the faculty and students were told to use bicycles to mark the day. To maintain an eco-friendly environment, it hereby requested to all members of the college fraternity, not to bring their vehicles inside the college campus on 30 of March 2022. Being their first one-of-a-kind initiative, everyone from the college showed interest; from students, staff and teachers, everyone gave thumbs up to this cause. Under the program of green environment initiated by the government, they college decided to take this step. The authorities said that going forward; these types of programs will definitely be contributing to nature.
